

## **The Promise**

***You said I should not be the first to go  
And so it happen but not by choice or plan  
You said to promise I should make it so  
And that I would always be your man***

***That promise was the easiest I ever made  
No one else could ever take your place  
My memories will never be lost or fade  
Of your eternal love and warm embrace***

***So I wait for that time to come of my turn  
To see it through and arrive at my lifes end  
Whilst memories in my heart that still burn  
Of our time together on this earth as your lover  
and best friend***
